Who we are?

Orthoteh was founded in 2004 year from Dr. Jovko Gyurov.

Everything began as a small family company, manufacturer of individual insoles.

Today we produce medical products for every part of the human body.

That makes us the one of a kind company in Bulgaria!

Our progress

The company's portfolio of successes also includes two won European projects - in 2013 and 2016.

In 2017 the look of over 60 products from the Orthoteh series is modernized.

Orthoteh serves customers and patients from all over Bulgaria.

Nowadays Orthoteh expanding its international markets through successful partnerships in Greece, Romania, Serbia, Hungary, Croatian, Lithuania, Denmark and Spain.

We continue to supplement our product portfolio in the name of better human health and comfort .
